How to Generate a PSA Token

1. Go to: https://app.collectors.com/signin and login with your PSA credentials

2. Once logged in you should be presented with the following page. Select 'Generate Token' and an Access Token will be generated in the blue box below the button.

3. Highlight the generated token and press Ctrl+C. (Do not include the wording Access Token)

4. Open the SlabTracker app and select 'More' and then 'Email Fields' from the main screen.

5. Paste the copied token in the field labeled 'Generated PSA Token' by clicking on the field and pressing Ctrl+V, then press the 'Save' button.
